

SHAIKH NOORUDDIN

BIM LEAD

MEPF Team Leadership and BIM Delivery

Al Nahda, Dubai, UAE | +971 54 543 6549 | nooruddinsabeel@gmail.com

PROFESSIONAL SUMMARY

BIM Lead with 5 years of experience across MEPF modeling, coordination and construction documentation. Leads a team of five modelers on UAE contractor projects, reviews model and drawing quality, and runs multidisciplinary coordination meetings. Mechanical Engineering graduate with practical experience in Revit, Navisworks Manage and Autodesk Construction Cloud.

CORE SKILLS

BIM team leadership; modeling standards; team training; multidisciplinary coordination; clash resolution; model and drawing quality control; shop drawing delivery; as-built submissions; Autodesk Construction Cloud.

PROFESSIONAL EXPERIENCE

BIM Lead | Ramtech Software Solutions Pvt. Ltd.

December 2025 - Present

- Lead a team of five BIM modelers preparing MEPF models and shop drawings for UAE contractor projects.
- Review models and drawings against client requirements and project standards, and guide the team on changes needed for submission.
- Run coordination meetings with architectural, structural and MEPF teams to agree solutions to design conflicts and service-routing clashes.
- Manage project documentation and coordination workflows in Autodesk Construction Cloud, keeping BIM records aligned with review comments and revisions.
- Help teams apply project BIM standards and resolve modeling issues, while continuing to model services and prepare shop drawings in Revit.

Selected UAE project work

Keturah Resort, Al Jaddaf: HVAC and plumbing modeling and shop drawing delivery.

Expo Mangrove Residency: MEPF coordination and as-built comment resolution.

Orla Infinity, Palm Jumeirah: Water-supply as-built submissions.

Junior BIM Lead | Studio 4 Pvt. Ltd.

March 2025 - December 2025

- Led MEP coordination across multiple projects, bringing architectural, structural and building-services models together for review.
- Trained modelers on project standards, coordination practices and BIM execution plan requirements.
- Managed clash reviews in Navisworks and worked with consultants and subcontractors to resolve issues and close them out.
- Prepared coordinated MEP models and shop drawings to support fabrication and installation.

PROFESSIONAL EXPERIENCE CONTINUED

BIM Modeler | Excelize BIM Solutions Pvt. Ltd.

January 2024 - January 2025

- Developed Revit MEPF models to LOD 300, 400 and 500 project requirements and coordinated their layouts with architectural and structural models.
- Reviewed model quality and resolved clashes with other disciplines using Navisworks Manage.
- Created parametric families, drawings and schedules, and updated models using field information from site visits.

BIM Modeler | ABK Construction Pvt. Ltd.

October 2021 - November 2023

- Created and maintained Revit MEPF models, parametric families and construction drawings.
- Worked with architects and engineers to coordinate service layouts and correct conflicts in Revit and Navisworks Manage.
- Collected information during site visits, checked model accuracy and provided updated drawings and schedules to support site teams.

ADDITIONAL HVAC EXPERIENCE

Prepared HVAC load calculations in HAP for the Boulevard project.

EDUCATION

Bachelor of Engineering in Mechanical Engineering | 2021

Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, India

PROFESSIONAL TRAINING

Autodesk Construction Cloud BIM Management | Udemy | 2026

BIM Coordinator - BIM Consultant Review and Navisworks Clash | Udemy | 2024

Revit Beginner to Advanced - BIM Engineer | Udemy | 2024

Become an HVAC Pro - The Ultimate HVAC Guide | 2026

SOFTWARE

Modeling and drafting: Revit MEPF, AutoCAD

Coordination and collaboration: Navisworks Manage, Autodesk Construction Cloud, BIM 360

Engineering and documentation: HAP, Duct Sizer, Bluebeam, Microsoft Office
